

PHI SIGMA SIGMA

*Once, Always.*

---

Dear Theta Beta Sisters,

Fraternity Headquarters received photos documenting the racist acts of an individual alleged to be a member of the chapter. To be clear, there is no place for racism in our organization. Your chapter's unwavering commitment to the promotion of self-worth for all members of the community remains evident.

Given the hurt and impact to others, Phi Sigma Sigma Fraternity has taken over the management of this incident to allow the chapter's leadership to focus on supporting their sisters as they are only now learning of the prior behavior. Phi Sigma Sigma Fraternity has suspended the member and the staff will immediately proceed with ensuring this situation is handled with the severity that is demanded.

We encourage members of the community to utilize the resources provided by your campus, should they need additional support.

In Our Bond,

Katie Vlietstra Wonnemberg  
Grand Archon
